

The said tree is marked on the North west side facing a cross on rock 3 links distance; thence North $58\frac{1}{2}$ degrees East in the direction of the middle of what is known as the Hetcham mill pond, but stops at a distance of twenty five rods and 13 links at point in the bed of clear creek near the left hand side and in line ^{with} the center of a public road given in the next bearing; thence North 56 degrees West with the center of said road 20 rods and 14 links; thence $87\frac{1}{4}$ degrees West along the center of the pike road 35 rods and 8 links to a point which is 10 links South of East of a cross cut on a limestone bed rock; thence South $40\frac{1}{2}$ degrees West 9 rods and 21 links to the place of beginning. The above described land contains five acres and 28 square rods.

I also ran a line from each corner of the west side of the grave yard to the Pike road. From the South West corner ran $88\frac{1}{2}$ W 25 rods and 5 links to center of Pike road, a stone standing next to the fence. From the North West corner ran $88\frac{1}{2}$ W 17 rods and 17 links to Pike road, a stone standing next to the fence in line.

I also by request of land owners present perpetuated the North West corner of Section Six Town 7 North Range one West

NW corner

Q 17 N. R. 1. W 3 lks

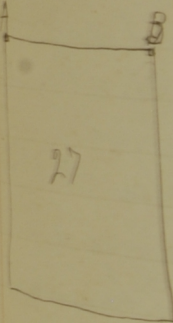

B. Walnut 10 in $87\frac{1}{4}$ W 14 lks

I had for assistants, Les. Stowell and Napoleon Fredway Chain markers and Obsolesm Hetch am all duly sworn

I hereby certify the foregoing statements to be a true and correct statement of the Survey by me made as I very believe and George B. Rader & ply witness my hand and official seal M. C. Surveyor

1913.
